 School Buses

 Parent vehicle routes

Parents may enter from the access road to the west of Northside and travel to the front of the building or may enter off of Bethel and enter the parking area. They may also come in from Oakwood as well. Parents can exit onto Bethel from the main entry or the access road or exit onto Oakwood after dropping off students. A school official or security guard will be directing traffic near the visitors parking area and the buses for extra safety. The Green arrows indicate parent traffic flow.
